# NSA Panama City JLUS - Public Input Survey

## Question 52

## Question 53

## NSA Panama City JLUS - Public Input Survey Question 54 Comments

1. The county should challenge land use changes that encroach on our military installations.
2. I fully support the military!
3. I am happy to see Bay County being proactive in this area. The NSA is very important to the Nation and our City.
4. Please let me know how residential landowners adjacent to base property can provide our input to the plan.
5. Please let me know how area boaters who traverse training area waters can provide our input to the plan.
6. I feel that our military bases play an important role in the viability and success of our community. If Ft. Walton doesn't the new F35, send them to Tyndall; we'll take them.
7. I feel that we (Bay county) need to work closely with our bases to ensure that we always maintain the best possible solutions for both parties. If we maintain the communication we will all be winners!
8. A great many of my friends (and two family members) are directly dependent on the swc for their incomes. These people are some of the smartest, most respectable people I have had the pleasure of knowing. Our (local community's) help/cooperation means that we are able to support our military without enlisting. Have you seen some of the things they're working on over there? How cool is it, that we have cutting edge military technology being developed in our backyard !?
9. I feel their operations in the bay could easily be done in open water. They seem to take advantage of their authority to do what ever they wish at the expense of the public.
10. In conclusion, the military here in Panama City is absolutely wonderful and needed! Makes me proud to be an American.....just about the only thing that makes me feel that way! I hope they never, ever leave!
11. It is my belief that the relationship between the Navy Base and the local community is one of mutual cooperation. The Navy tries to keep a good image and works well with Bay County to maintain a professional image. This base should be expanded in size which would bring more military and civilian personnel to the area. In this poor economic climate, the Navy is a shot in the arm for the economy and expansion would bring in construction and new resident revenues.
12. Not sure what the JLUS political scheme is but I feel that all these surveys need to stop. The military and there operations for good reason and the military should have priority over all other civilian concerns regarding military to civilian stewardship. Let the military do their job!
13. Unless you are employed at NSA, very little information on what goes on behind the fences is given to the surrounding homeowners. If you ask questions , depending on whom you ask , your answer is Don't concern yourself with what we do, or top secret, cant talk about it.
14. Encroachment by the Surrounding build-up does not require the National Defense effort to be restricted or displaced.

**NSA Panama City JLUS - Public Input Survey**  
**Question 54 Comments**

15. NSA PC is a good and wanted neighbor. What ever problems that arise can be worked out together. This city is a better place with this facility.
16. I wasn't sure how to answer some of the questions because I have not read or heard of any compatibility problems.
17. The base brings a large income to the area not only in money and jobs but in fellowship with the community.
18. I am new to working in the military atmosphere and I love being here and look forward to learning more each day.
19. Hmmmm. Either I don't understand what we're talking about here, or I simply don't perceive any problems. Hope I haven't wasted your time. Thanks.
20. Bravo for putting it on Bay Co website under P&Z. Otherwise, I would not have seen it. As a real estate professional, the economic development of the base is paramount. Should growth be done in a progressive, responsible manner - absolutely.
